ROGUE VALLEY GENEALOGICAL SOCIETY NEWS

Welcome out newest member Benjamin Bellinson!

Annual Fund Drive Launched

Dear Rogue Valley Genealogical Society (RVGS) Members and Supporters,

RVGS organizes one main fund raiser each year, our Annual Fund Drive. This year the goal is to raise \$17,000, officially beginning on June 1, 2020 and closing on December 31, 2020. Your generous contribution to the Annual Fund will allow RVGS to keep our membership dues low and assist in covering expenses. Membership dues only cover about one-third of our operating expenses. The remaining costs are covered by money raised through our Annual Fund Drive and income from our programs.

For the health and safety of our members and in compliance with Governor Brown's executive order, the RVGS Board of Directors temporarily closed the Jackson County Genealogy Library. The library classes, seminars, research, and day-use fees provide a major part of our operating revenue. With the closure, we have temporarily lost those revenue streams, but still have bills to pay. We know this is a tough financial time for many, but if you are able, we are asking for support from our members to continue providing services.

The 2020 Fund Drive will provide financial assistance for the following initiatives:

- Assisting with operating costs of the library during closure
- Adjusting our services to the new normal due to the pandemic
- Continuing website development and expansion
- Increasing library resources
- Developing special seminars and hosting guest speakers as health guidelines allow

Thank you for making 2019 another successful year.

- Our membership is just around 800 members with over 12,000 volunteer hours recorded.
- Thanks to generous donations to the 2019 Annual Fund Drive, we surpassed the goal set by the Board.
- With 2019 Annual Fund campaign dollars and a grant from the Jackson County Cultural Coalition, RVGS held another successful seminar, *Blaine Bettinger, The Genetic Genealogist*.
- We completed the new website, www.RVGSLibrary.org, where you may now search the JCGL databases, past publications, and stay up to date on RVGS news. Consequently, this year, we have been able to offer our members access to many of our JCGL subscription websites during the closure.
- At the end of December, we were able to purchase 900 books from Douglas County Genealogy Library, bringing our book collection to over 20,000 items!

Your generous and faithful participation in our Society is vital. Contributions can be made in three ways.

1. Return the donation slip attached to the letter you received in the mail along with a check in the envelope provided,
2. go to the **Support Us** menu on our website, www.rvgslibrary.org, and select **Annual Fund Drive** to donate online,
3. or, drop off a donation at the library at 3405 S. Pacific Hwy, Medford (*when we have re-opened*).

On behalf of the Board of Directors, thank you so very much for your donation!

Two NEW Services for RVGS Members

JCGL remains closed...but **2 NEW SERVICES** are now available for RVGS Members:

Circulating items may be checked out to RVGS members!

1. First, look in the JCGL online library catalog located in the Library menu on our website. If the book or magazine call number starts with “Circ,” the item may be checked out. Almost all the magazines can be checked out, some of the how-to genealogy books can be, and other books that are more for reading than researching are designated “Circ.”
2. Email reception@rvgslibrary.org with:
 - a. The list of items you would like to check out, including call number and title, plus volume and issue number(s) for magazines.
 - b. When you plan to pick them up. Specify day, date, and time. Allow at least 1-day notice. (Note available times below.)
 - c. Your name and phone number.
3. Available pick up times will be Monday – Thursday, 10 a.m. – 4 p.m., starting July 1.
 - a. Come to the side door with your mask on, ring the doorbell, and the checked-out items will be handed to you.
 - b. Items will be checked out for 2 weeks and may be returned during pick up times.
 - c. Email the day, date, and time you plan to return items, at least 1 day in advance.

Volunteers will do LOOK UPS at JCGL for members!

A few dedicated JCGL librarians have offered to do lookups for RVGS members for **FREE**. This is an effort to make the resources of JCGL available to you while the library remains closed.

Librarians can check for specific records in books, periodicals, microfilms, and databases on our computers for you. (The database lookups will be only for those of you who do not have computers or Internet access. Members who do can access American Ancestors, Ancestry, Fold3, HistoryGeo, and MyHeritage from home through the RVGS website: <http://www.rvgslibrary.org>) We can look up FamilySearch items that are only available at a FamilySearch Affiliate Library as well. This is a way you can access indexes and images that **you know exist**, but you can't get to while we are closed.

- Lookups must be for specific records.
- You may request 1 lookup per week.
- Our library catalog is a great place to start, especially with all of the new books and periodicals we have been adding to the collection.

The lookup request form is located in the Library menu on our website, [view it here](#).

FindMyPast Now Available Online for RVGS Members

We have added one more of our subscription websites for online access by our members. FindMyPast can now be accessed from the rvgslibrary.org homepage along with Ancestry, MyHeritage, Fold3, American Ancestors, HistoryGeo and *Internet Genealogy* magazine. Members will need to be logged into our website by using the Sign In button at the top right of any page. Accessing FindMyPast is a bit different than the other sites. There is a username and password listed on the secure page that comes up when you select FindMyPast from the homepage. Because FindMyPast opens in a new tab/window, you can easily navigate back to the original page to get the login credentials. As always, if you have any difficulty, email webmaster@rvgslibrary.org.

eNews Submissions

Members are invited and encouraged to write articles and/or submit photos for the eNews that are relevant to genealogy research, RVGS, and/or JCGL. The eNews is published on the first of each month. The deadline for article submission is the 20th of the preceding month. Submissions should be sent as a Word document in an email attachment to: enews@rvgslibrary.org.

Oregon Marriage Returns Now on Ancestry

Reprinted from The Genealogical Forum of Oregon E-News, May 28, 2020

You have heard of marriage licenses and certificates. How about a "marriage return?" These can contain slightly different information from the other marriage records.

The Oregon State Archives shared a great tip on its Facebook page: Oregon marriage returns spanning the years 1906-1910 and 1946-1966 and consist of 1,441,718 entries are now available on Ancestry.com. The Archives writes, "These are the first of several vital records series that will be available through a cooperative project between Ancestry and the Oregon State Archives. Probably the most unique (and perhaps useful) information on the form is the number of marriages for each individual. You would be surprised how often people will see that it was the 2nd or 3rd marriage for one of the parties. The returns also provide place of birth and nativity for the parents which can provide good information for pursuing additional genealogical information."

To search the records at Ancestry.com, you can find them at [Oregon, State Marriages, 1906-1966](https://www.ancestry.com/arkansas-marriages).

TechTips: Using the RVGS Website Calendar

By Rich Miles, Technology Director

If you have spent any time on our new website, www.rvgslibrary.org, you have probably seen the new calendar. All RVGS/JCGL events will be listed here.

The calendar can be accessed from several different places on the site. If you scroll down the homepage, you will see a **Calendar** section on the right next to **News**. You can select any event in the list to be taken to a screen with all the details. You can click **Subscribe** to subscribe to the calendar which will provide you with an email any time a new event is listed. (Everyone who was a member when we launched the site was automatically subscribed. You can also change your subscription settings by selecting the **Subscribe** button.) The Calendar can also be accessed from the **Program & Classes** dropdown menu.

Only a limited number of events, those upcoming, will display on the homepage. Just click the **See All** button to be taken to the full calendar. The default view is **List** view, showing all scheduled events. From the navigation bar above the calendar, you can change your view to Year, Month, Week or Day. Within each view, you can use the <<Prev (previous) and Next>> buttons to go to the previous/next year, month, week or day.

The most powerful tool on our calendar is the Calendar Search tool. You can use the **Keywords** search to find events on a specific topic (as long as your word is listed in the title). For instance, a search for “DNA” would bring up any event with “DNA” in the title. If you input “DNA” and “Genetic” then select **Match at least one of my keywords**, you will get all events with EITHER of those words in the title. The **Event Type** dropdown menu filters out events by type. Currently, the choices are Class, Interest Group, Meeting, Program, Seminar, Special Event, and Tutorial Tuesday. For instance, selecting **Interest Group** will provide you with a list of all Interest Groups currently scheduled. Because we do not schedule by Department, there is no need to use that filter. The **Location** filter can be useful now for finding all classes occurring on Zoom.

Within the detailed listing for an event you will find the **Event Type**, the time it **Starts** and **Ends**, **Contact** (which is a link to the email address), and **Details** of the event. You can **Set a Reminder** for the event, click **View All** or **Go Back** to return to the calendar list of events.

Back-log periodicals added

Wisconsin State Genealogical Society Newsletter.

977.5 P273 WS (16 binders)

Originally shelved by date in our library, the acquisition from the Genealogical Society of Douglas County of 16 binders including missing issues encouraged us to rearrange the whole series by **county**. Ann Baracker accepted the challenge of disassembling our collection and integrating these two runs. The *Newsletter*, published between 1969 and 2010, includes transcribed records from individual counties in Wisconsin – vital records, lists of small cemeteries, short biographies – the types of records individual county members thought would be of interest to state-wide researchers. Two binders of statewide information include bible records, military and passenger lists, convicts and lawmen, reunions and one curious list is of automobile owners in the state in 1906. The new organization will make searching this series much more efficient since county materials are gathered together.

Books Added from the Backlog

By Diane Brenner, Book Cataloger

Here's a title to ponder – three additional titles join three on the shelf:
"Stub Entries to Indents, issued in Payment of Claims Against South Carolina growing out of the Revolution."

Some titles stop me dead in my tracks, and this is one. What in the world are "Stub Entries to Indents," and why do I care?

Indents, as the term is used in these volumes, were interest-bearing certificates issued after the Revolutionary War by the South Carolina Treasury. Indents were issued for militia duty, supplies and provisions, forage for animals, and services such as the hiring of wagons and teams. Each stub in the Treasurer's book includes the name of supplier, item supplied and value of the debt. Here are summaries of thousands of individual debts, accounts of which have been received, audited, and approved. Rather than number the stub books the Treasurer chose to letter them; the book titles are not a reflection of surnames included in each. Thankfully, each volume is indexed. If your ancestor lived in South Carolina around 1780 he may have served in the militia or supplied food for the cause!

Our library has 975.7 G165 Stu, Bks. C-F, G-H, K, O-Q, R-T, U-W. It's worth a look.
